EDUCATION

Bachelor of Computer Applications: Computer Engineering *Expected in 07/2027*
AMITY UNIVERSITY | Noida, Delhi

EXPERIENCE

SOFTWARE DEVELOPER INTERN 10/2024 – 01/2025
TechChaze.Inc | Mumbai, India

- I am a Full-Stack Developer at TechChaze, where I have gained extensive experience and honed my skills in technologies such as Next JS , Strapi aand React Native and Web Design
- During my time at TechChaze, I have successfully developed numerous functional and dynamic websites, further enhancing my expertise in building scalable and efficient web applications.

FULL STACK DEVELOPER INTERN 09/2024 – 10/2024
BharatKare | Gurgaon, India

- I worked as a Full-Stack Developer Intern at BharatKare, where I was responsible for developing their official website.
- My role included tasks ranging from design to managing the backend and WordPress database.
- During this internship, I gained valuable experience in hosting WordPress databases and learned how to efficiently integrate WordPress APIs into the front end to create dynamic and functional web pages.

SKILLS

Languages : JavaScript, TypeScript

Tech Stack : Next.js, React.js, Express, Node.js

Databases : MySQL, PostgreSQL, MongoDB, Supabase

Tools : Git, GitHub, Netlify, Postman ,Thunderclient, Vercel, Render, Tailwind CSS

PROJECTS

Full-Stack E-commerce Application Jul 2024 – Aug 2024 [Live Link](#)

A Full-Stack E-commerce Website built with the MERN stack (MongoDB, Express.js, React, Node.js) and Tailwind CSS for styling. It offers a Seamless Shopping Experience with User-Friendly Interfaces, Enhanced Security, and Efficient Management.

Full-Stack Blog Application Jul 2024 – Aug 2024 [Live Link](#)

A Full-Stack Blog Application developed using the MERN stack and Tailwind CSS. It allows users to CREATE, READ, UPDATE, and DELETE blog posts. Features include User Authentication, Profile Management, Smooth Animations, and a Responsive Design.

E-commerce Admin Panel Jul 2024 – Aug 2024 [Live Link](#)

An Admin Panel for Managing Products, Users, Orders, and Messages. Includes a Dashboard for key metrics, tools to Update Product details, handle user inquiries, and Manage Admin profiles.

ACHIEVEMENTS

- Secured 4th place (3rd runner-up) in a Hackathon organized by MMCOE College, Pune, showcasing innovative problem-solving and teamwork under pressure
- Successfully completed Hacktoberfest, contributing to Open-Source Projects, and enhancing collaboration skills in the Global Developer Community
